

Making School Spaces

Successful delivery of educational buildings within a landscape of challenging programmes and budgets, without compromising on quality, whole life or the environment

Ashburton Hall House Keeping

Hampshire County Council establishments are subject to a non smoking policy, and we ask that any smoking be carried out in the smoking shelter outside. Exit out the main door by reception then turn right and through the small gate.

Should you require first aid at any time during the event, please contact Facilities Management on 01962 847304 or go to the Reception desk and assistance will be given.

The two primary fire exits are at the entrance to the Hall where you came in, and the two secondary exits are located at the front of the Hall. Please note that the fire alarm is tested for 20 seconds at 10:00 every Tuesday.

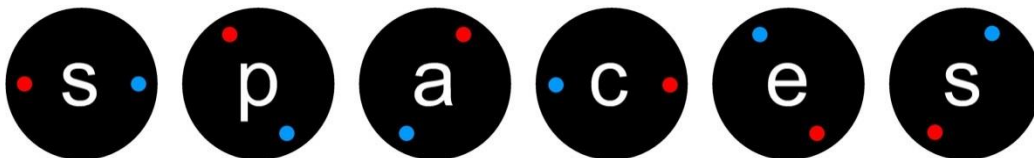

The toilets are situated outside the Hall. Turn right out of the Hall, and then left just before the large yellow pillar.

Please be considerate and turn your mobile to silent, or turn it off.

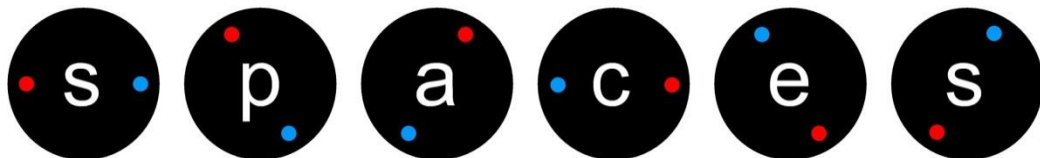

This room is fitted with an infra red hearing loop which is permanently switched on. In order to benefit from this system you will need either a neck loop (if you use a hearing aid) or head phones (for amplified sound). Please contact your event host to access the headsets.

Our Roots

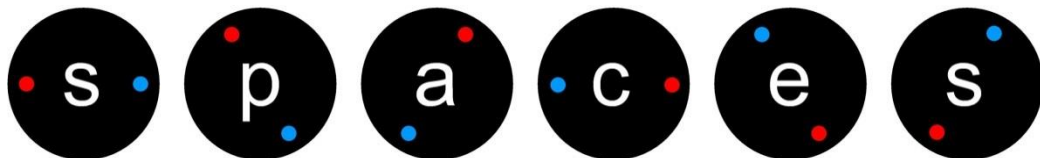

- We are new but we are the amalgamation of 3 separate societies with long and proud backgrounds.
 - SCALA (Architects 1942)
 - SCEME (Engineers 1951)
 - CBSS Building Surveyors 1972)

A bit about SPACES

The Society for Public Architecture, Construction, Engineering and Surveying.

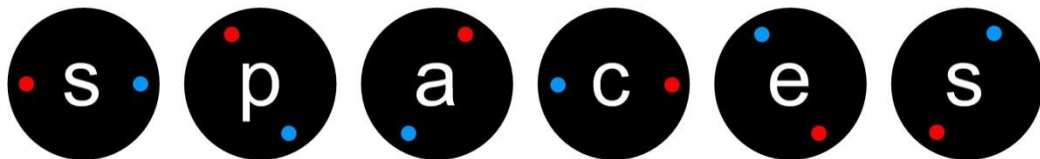

- Established in April 2015.
- A multi disciplinary society of building professionals who commission, design, build and maintain public buildings.
- Our member work in both the public and private sectors and Government Departments but with a common focus on the quality and effectiveness of public buildings.

Our Common Objectives

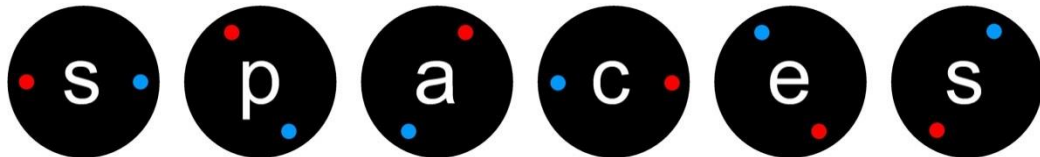

- Promote good design and maintenance.
- Strong network of fellow professionals.
- High quality CPD.
- A collective and focused voice for building professionals working in or for the public sector.

All of these objectives can be better delivered when we work together!

Our Key Annual Events

- National Study Day.
- Publish an Yearbook capturing the best in public sector construction.
- Our SPACES Building of the Year Awards , this year covering design, engineering and surveying for the first time.
- Regional events throughout the year- we have plans to focus on improving these over the next 12 months and increase wider national coverage.

Your Input for the Day

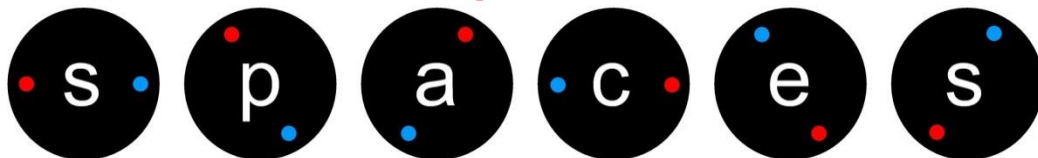

Questionnaire

Are you a member of SPACES?	<u>yes</u> / no	Would you like further information on SPACES?	yes / <u>no</u>
How did you find out about the study day?			
Member	via Member	via sponsor	via mailshot
via other (please state) _____			

Please answer the following questions by placing a **tick** in the appropriate box, with **1 = poor** **5 = excellent**.

Please rate the:	1	2	3	4	5
location of the study day					
theme of the study day					
organisation of the study day					
facilities at the study day					
catering for the study day					
exhibition at the study day					
previous day's tour (Leave blank if you did not attend)					
Please rate the quality of the following speakers					
Keynote Presentation John Coughlan CBE, Chief Executive, Hampshire					
FFA Update on Current Issues Julian Wood, Divisional Director for Capital Operations and					

- Please complete the feedback form in the pack.

The image shows a page from the SPACES website. At the top, the word 'spaces' is written in a stylized font where each letter is inside a black circle with small colored dots. Below this is the text 'Society for Public Architecture, Construction, Engineering and Surveying'. The main content includes the SCALA logo (Society for Construction and Architecture) and the SCHEME logo (Society for Construction, Engineering and Maintenance). The text describes how project delivery has changed significantly in the last 20 years, leading to smaller, multi-disciplinary teams. It also mentions that Local Authorities are undergoing significant change and budget cuts, leading to the decline of in-house construction departments. The text states that SCALA and SCHEME merged to form a multidisciplinary society. The 'SPACES: Key Objectives' section lists five goals: 1. To be a multi-disciplinary society based on collaborative working. 2. To focus heavily on current CPD through the society's links to government, academia and industry bodies. 3. To nurture and encourage younger and new members. 4. To work with partners and private sector organisations to develop long term relationships that benefit our members and the wider public sector. 5. Offer demonstrable value to our members through a sustainable financial model and sharing of knowledge/experience.

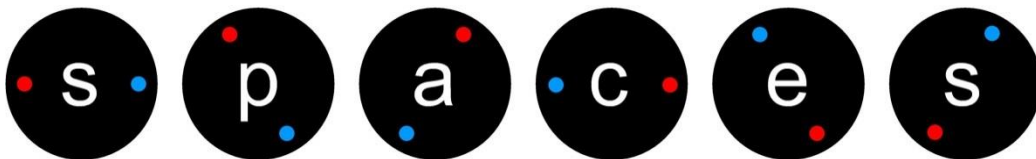

How much of our lives do we spend indoors?

“We spend an average of **20 hours per day inside buildings** and the quality of the built environment around us has been proven to have **dramatic effects on our happiness**”

**“You spend 90% of your time indoors.
That's 71 of your 78.6 years”**

Environmental Protection Agency (EPA), the average American spends 93% of their life indoors.

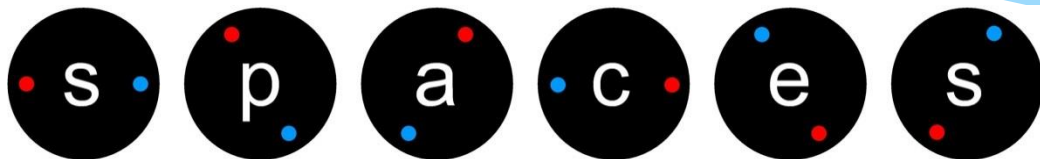

It has been estimated that people in developed countries spend around 90% of their time indoors, yet how many people do you know who spend 2.5 hours outdoors everyday?

What could be a more appropriate focus for our day than:

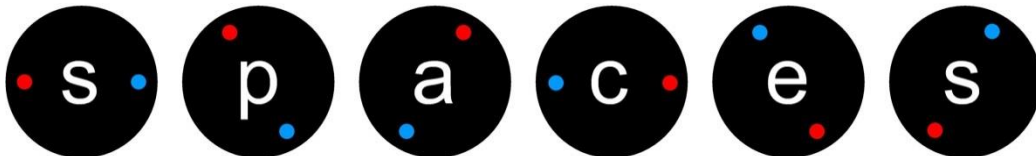

Making School Spaces

Successful delivery of educational buildings within a landscape of challenging programmes and budgets, without compromising on quality, whole life or the environment

Morning Session

- 9:20 President's address and opening, **Martin Kent, President SPACES**
- 9.30 Welcoming, Steve Clow, Assistant Director, **HCC Property Services**
- 9:40 Key Note, **John Coughlan CBE, Chief Executive, Hampshire**
- 10:00 EFA Update on Current Issues, **Julian Wood, Divisional Director for Capital Operations and Funding at the EFA**
- 10:25 EBDOG as the “client” and how they see working with SPACES as the “deliverers” of new school places and maintenance for schools, **Peter Colenutt, Chairman of EBDOG**
- 10:45 Q&A with Julian Wood, Peter Colenutt and Steve Clow, **Chairman Martin Kent**
- 11.25 Sustainability is not just a checklist, **Sara Kassam, Head of Sustainability, CIBSE**

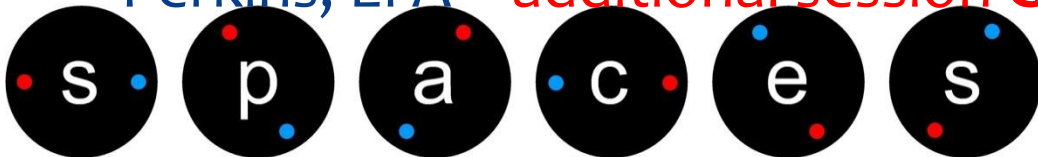

Workshop session 1

(12.00 - 12.50)

- * BB101 – Ventilation in School Buildings, Richard Daniels, EFA

Ashburton Hall

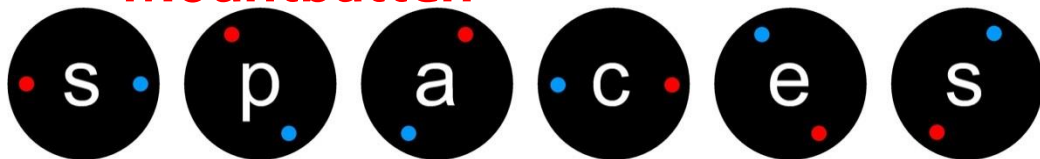

- * Designing for positive outcomes: Clever Classrooms, Carys Fisher and Adrian Swain IBI Group. **Go to TMH Hub**
- * Sunesis – Driving an Evolutionary Change in School Procurement. Tim Carey, Willmott Dixon **Go to Denning**
- * How to embed social value into public sector contracts – a consultants view, Mike Reader, Pick Everard **Go to Nightingale**
- * EFA Condition Data Collection (CDC), David Jobling and Mark Perkins, EFA – **additional session Go to Mountbatten**

Workshop Session 2

(13.50 – 14.40)

- * Fire Safety Design for Schools – Building Bulletin (BB) 100 Revised, Chris Bissell, EFA and Paul Munns, Principal Fire Consultant, Atkins [Ashburton Hall](#)
- * BB104 - ‘Area guidelines for SEND and alternative provision’, Martin Evans, Design Advisor, EFA [Go to Nightingale](#)
- * RIBA #TopMarkSchools, Nick Mirchandani , Director. Architecture PLB [Go to Mitchell](#)
- * Practical implementation of social value – a contractor’s view, Lyndsay Smith Morgan Sindall [Go to Denning](#)
- * Designing for positive outcomes: Clever Classrooms, Carys Fisher and Adrian Swain IBI Group – [additional session Go to Mountbatten](#)

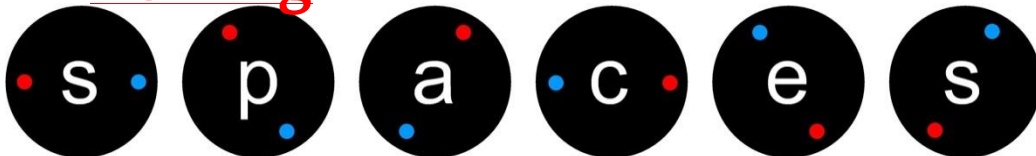

Workshop Session 3

(14.45 – 15.35)

- * BB93 - Sound solutions for poor acoustics, Shane Cryer, Ecophon and Peter Rogers, Sustainable Acoustics **Mitchell**
- * Making the most of school grounds, Mary Jackson, Learning through Landscapes **Nightingale**
- * Can offsite deliver the flexibility required for good design? Paul Inch, Innovaré Systems and Marcel Hendricks, Education Construction Network **Ashburton**
- * EFA Condition Data Collection (CDC), David Jobling and Mark Perkins, EFA **Mountbatten**
- * RIBA #TopMarkSchools, RIBA #TopMarkSchools, Nick Mirchandani, Director. Architecture PLB – **additional session**

Denning

Workshops and Afternoon Sessions

12.00	Workshop Session 1
13.50	Workshop Session 2
14.45	Workshop Session 3
15.45	Health and wellbeing, Dr Caroline Paradise
16.05	Closing remarks and thank yous, Martin Kent, President SPACES
