

## Programme

### Study Day 2017 – Delivering Educational SPACES

- 08:30 to 09:10 Refreshments, Exhibits and Networking
- 09:10 to 09:20 **President's opening address**, Martin Kent, President SPACES
- 09:20 to 09:30 **Welcome from Manchester**, Professor Tom Jefferies, Head of Manchester School of Architecture
- 09:30 to 09:50 **Keynote - Northern Power House**, Philip Dyer, Director Northern Power House
- 09:50 to 09:55 Changeover
- 09:55 to 10:45 **Workshops - Session 1**
- 10:45 to 11:15 Refreshments, Exhibits and Networking
- 11:15 to 12:15 **BIM Schools Debate**, Chairman Les Copeland, Chair CIBSE BIM Group, Director WSP. Panel including Terry Stocks, Head of Public Sector and Education, Faithful+Gould, Andrew Almond, Partner Pick Everard, and Naghman Khan, Business Development Manager, Integrated Environmental Solutions.
- 12:15 to 12:20 Changeover
- 12:20 to 13:05 **Workshops - Session 2**
- 13:05 to 13:55 Refreshments, Exhibits and Networking
- 13:55 to 14:10 **Progression Board**, Michael Lacey, SPACES Progression Board
- 14:10 to 14:40 **Digital Tool for Well briefing**, Dr Caroline Paradise, Head of Design Research, Atkins
- 14:40 to 14:45 Changeover
- 14:45 to 15:35 **Workshops - Session 3**
- 15:35 to 15:45 Refreshments
- 15:45 to 16:10 **Closing Presentation and Summing Up**, Professor Tom Jefferies, Head of Manchester School of Architecture
- 16:10 to 16:20 **President's closing address**, Martin Kent, President SPACES

From 8:30 to 12:45 there will be an exciting and interactive drop in session exploring the use of next generation technology in construction, where interested attendees can engage and explore a live working example of technology in use.

## Programme

### Study Day 2017 – Delivering Educational SPACES

09:55 to 10:45

#### Workshops - Session 1

- [The development of design quality standards](#), Ann Bodkin, Head of Design and Specification Team, ESFA
- [Closing the building performance gap](#), Andrew Spencer, Engineering Design Adviser, ESFA
- [The future of education in the new parliament – an industry perspective](#), Andrew Alsbury, Willmott Dixon
- [Challenges of delivering SEN schools](#), Pick Everard
- [Design for Manufacture/LEAN](#), MACE

12:20 to 13:05

#### Workshops – Session 2

- [Lessons learnt from central delivery and the PSBP programmes](#), Phil Slater and Jackie Lowe, ESFA
- [The impact of Technology on Building Surveying and Asset Management](#), Anthony Walker FRICS, Director Trident Building Consultancy and RICS Building Surveying Professional Group Board member.
- [The Australian study - environmental factors](#), Shane Cryer, Ecophon
- [Discussing experiences in schools' design and the trade-off between comfort, energy and classroom performance](#), Naghman Khan, Business Development Manager and Colin Rees Consultancy Manager, Integrated Environmental Solutions.
- [Offsite - Lime Tree Primary Academy](#), Philip Watson, Atkins

14:45 15:35

#### Workshops - Session 3

- [The ESFA Condition Data Collection Programme - What's we're doing, and how it's being delivered](#), Jake Wood, Condition Data Collection Programme Communications and Engagement lead, ESFA, Colin Mason, CDC Technical lead, ESFA and Phil Beswick, Programme Director, Arcadis (CDC Technical Services Management provider)
- [Achieving design quality](#), Beech Williamson, Architectural Design Adviser, ESFA
- [The calibration of environmental design](#), Richard Daniels, Environmental Engineering Design Adviser, ESFA
- [Designing for autism](#), Helen Peddler, Pedder & Scampton
- [School Building Cost Benchmarking - a national study that can bust myths and help you deliver cost effective buildings](#), Steve Clow, Assistant Director Property and Facilities, Hampshire County Council

From 8:30 to 12:45 there will be an exciting and interactive drop in session exploring the use of next generation technology in construction, where interested attendees can engage and explore a live working example of technology in use.
