SPACES: Net Zero Carbon Climate Emergency – 2019 Young Visionaries

Delivering complete consultancy services across the built environment

As a Partnership ...

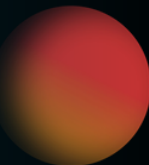

We've turned a corner in having Sustainability at the core of all we do:

In our work:

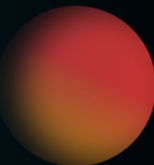

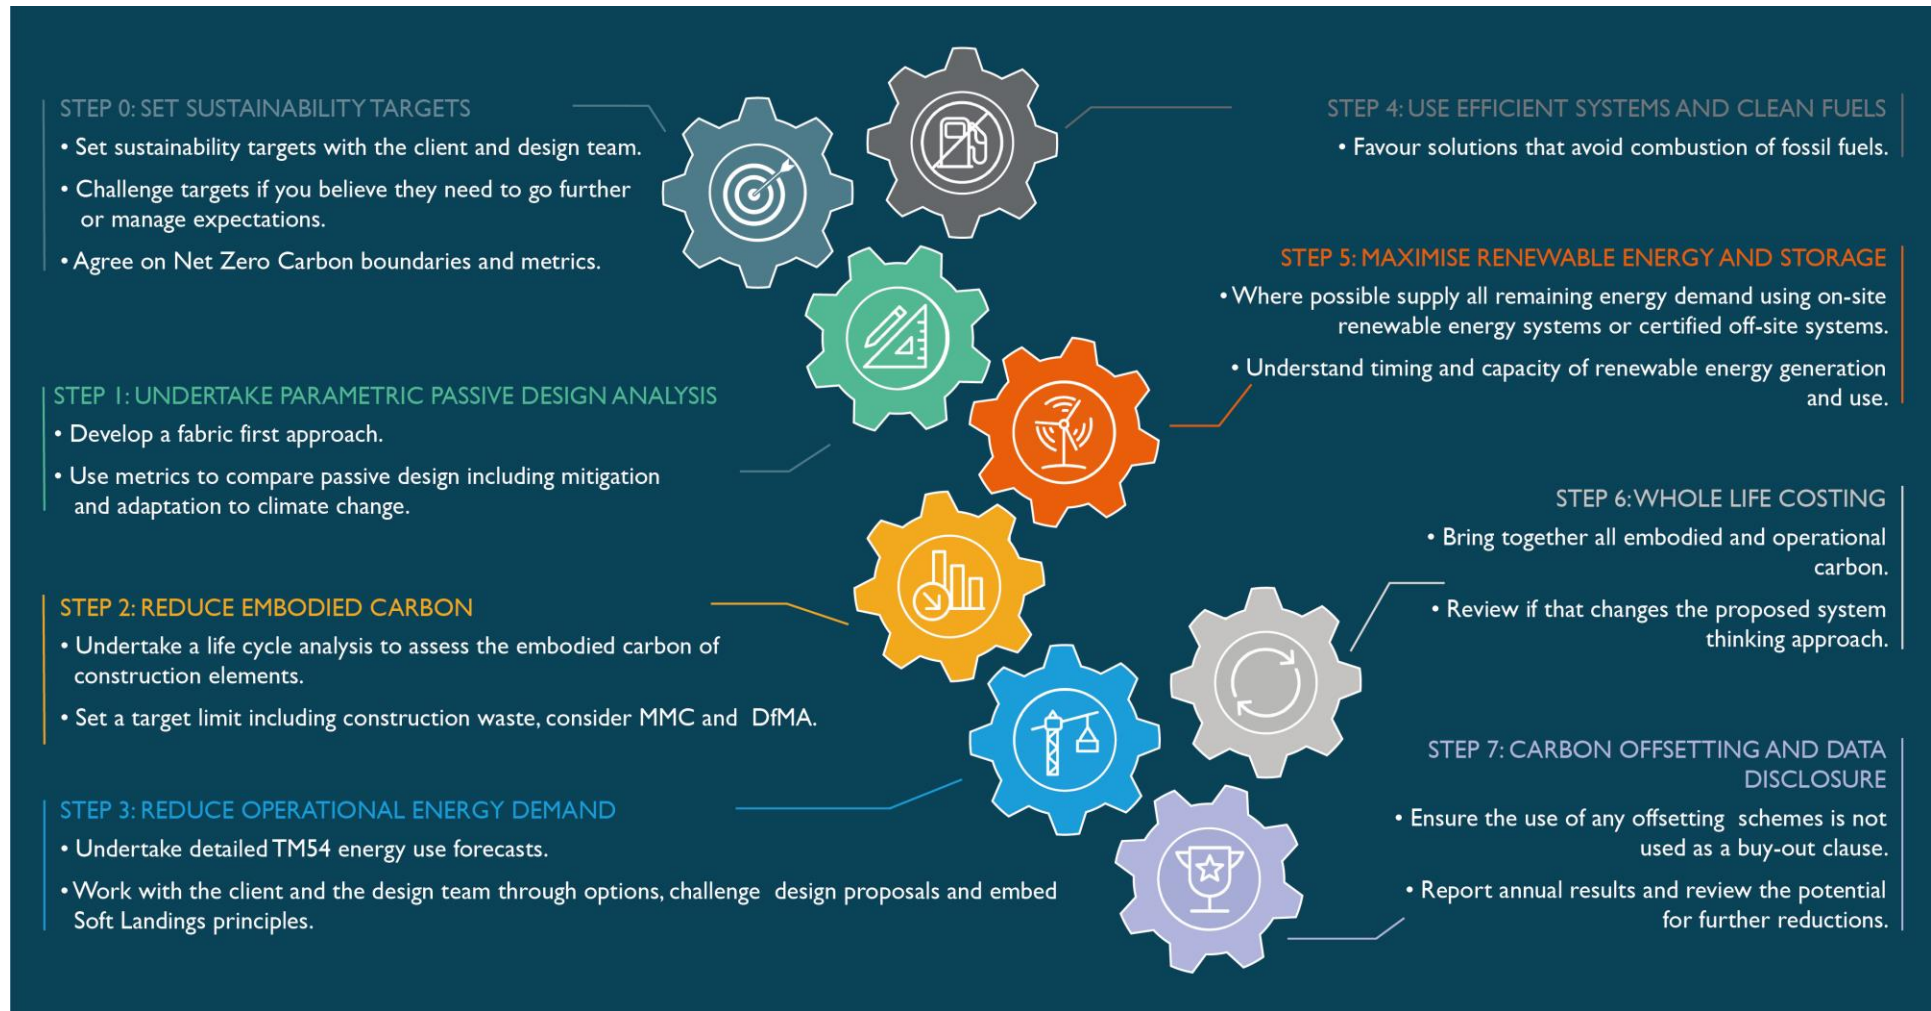

- Signed up to RIBA 2030 Climate Challenge
- Delivery partner for the Better Buildings Partnership's Design for Performance
- Embedding the relevant principles of LETI into our major projects

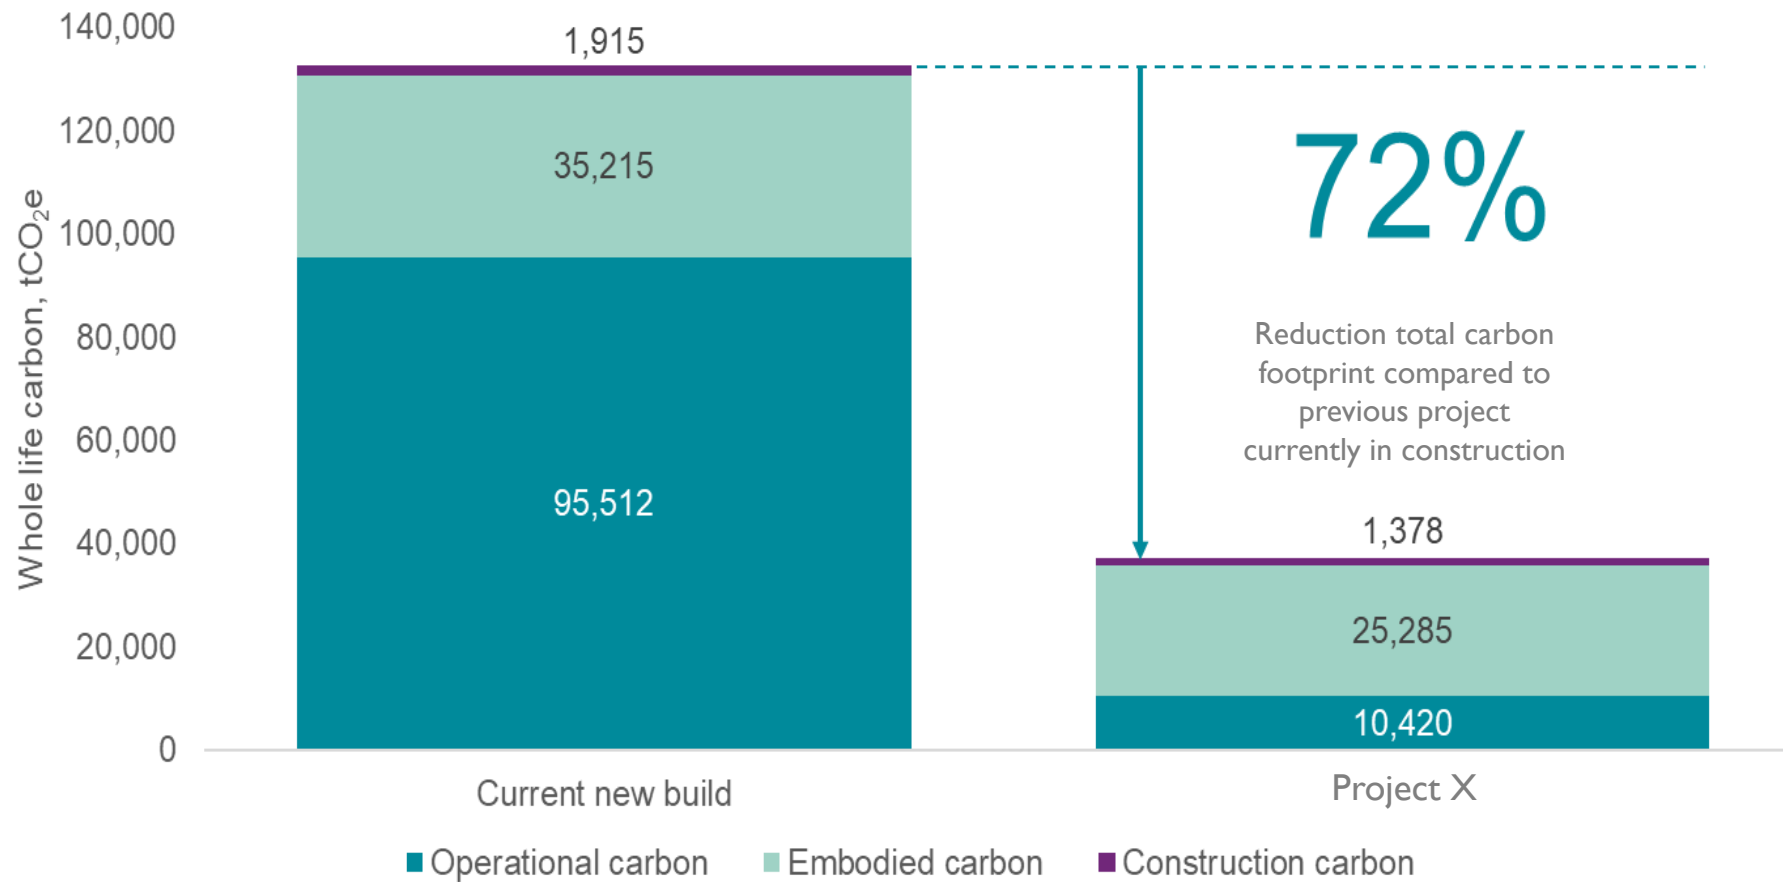

And in our business:

- Upskilling our employees to understand the details of Net Zero Carbon
- The 1st UK firm to sign up to all six disciplines in the Climate and Biodiversity Emergency declaration

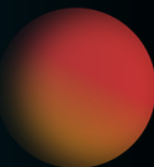

As a Project Lead ...

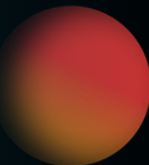

Pick Everard are the Client Designer for the first major Government funded Net Zero Carbon Operational Energy, Biodiversity Net Gain, BREEAM Outstanding and Soft Landings driven project ever!

As a Professional ...

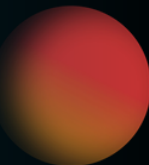

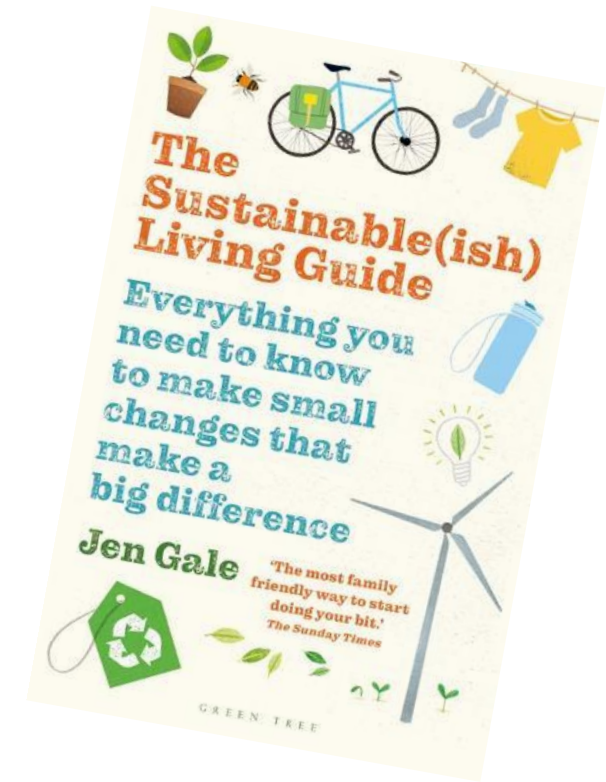

- Leading by example
- Educating, upskilling and sharing knowledge with clients and delivery teams
- Setting relevant and realistic (Sustainability & Net Zero Carbon) targets
- Guiding delivery teams to widen their knowledge base
- Continuously challenging mindsets

As a Person ...

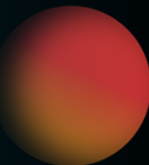

- Change your impact without radically changing your life – small steps
- Educate yourself!
- Share knowledge (not fake news!) with those around you
- Learn from others

Congratulate yourself you're doing something positive towards protecting our planet for future generations.

*"Great things are done by a series
of small things done together"*
