ACES ONLINE CONFERENCE 2021

A series of webinars for ACES members and others working for the public sector

Dates: Monday 13th September to Thursday 23rd September 2021.

FREE for ACES Members, public sector employees, sponsors and their staff

As the United Kingdom starts the process of recovery, there is a substantial focus on better use of public sector assets – in supporting key agendas around regeneration, health, housing and the environment. Nationally and locally policy makers are looking at how we use land and buildings in this new and changing environment.

The 2021 conference will be a series of online hour long sessions across a fortnight, free to everyone who works within the public sector. Pre registration [here](#).

ACES, as the leading body for those who work within the public sector property field, is pleased to provide free virtual CPD on a wide range of topics, from regeneration, housing development, to the future of the profession.

PROGRAMME

Mon 13th, 14.00-15.30: Excellence in the East
Showcase of projects in the eastern region from ACES Eastern Branch Members

Wed 15th, 10.00-11.00: Delivering Regeneration
Leading recovery through our High Streets and public assets
Sponsored by Lambert Smith Hampton

Fri 17th, 9.00-10.00: Professional Practice update
