2020 to 2022  
**Emerging Technology Roadmap  
for Midsize Enterprises**

IT professionals from 218 midsize enterprises (MSEs) collaborated to map the adoption of 112 emerging technologies by deployment stage, deployment risk and enterprise value.

**Deployment Risk**

Based on analysis of where the technology represents potential risks in market/enterprise maturity, architectural complexity, security risk, talent availability, implementation cost, regulatory compliance challenges and disruption to existing processes and services to risk factors.

**Enterprise Value**

Based on analysis of where technology has the potential to increase cost efficiency, improve speed and agility, enhance employee productivity and increase revenue through improved products and/or services.

## ABOUT NORSE CONSULTING GROUP

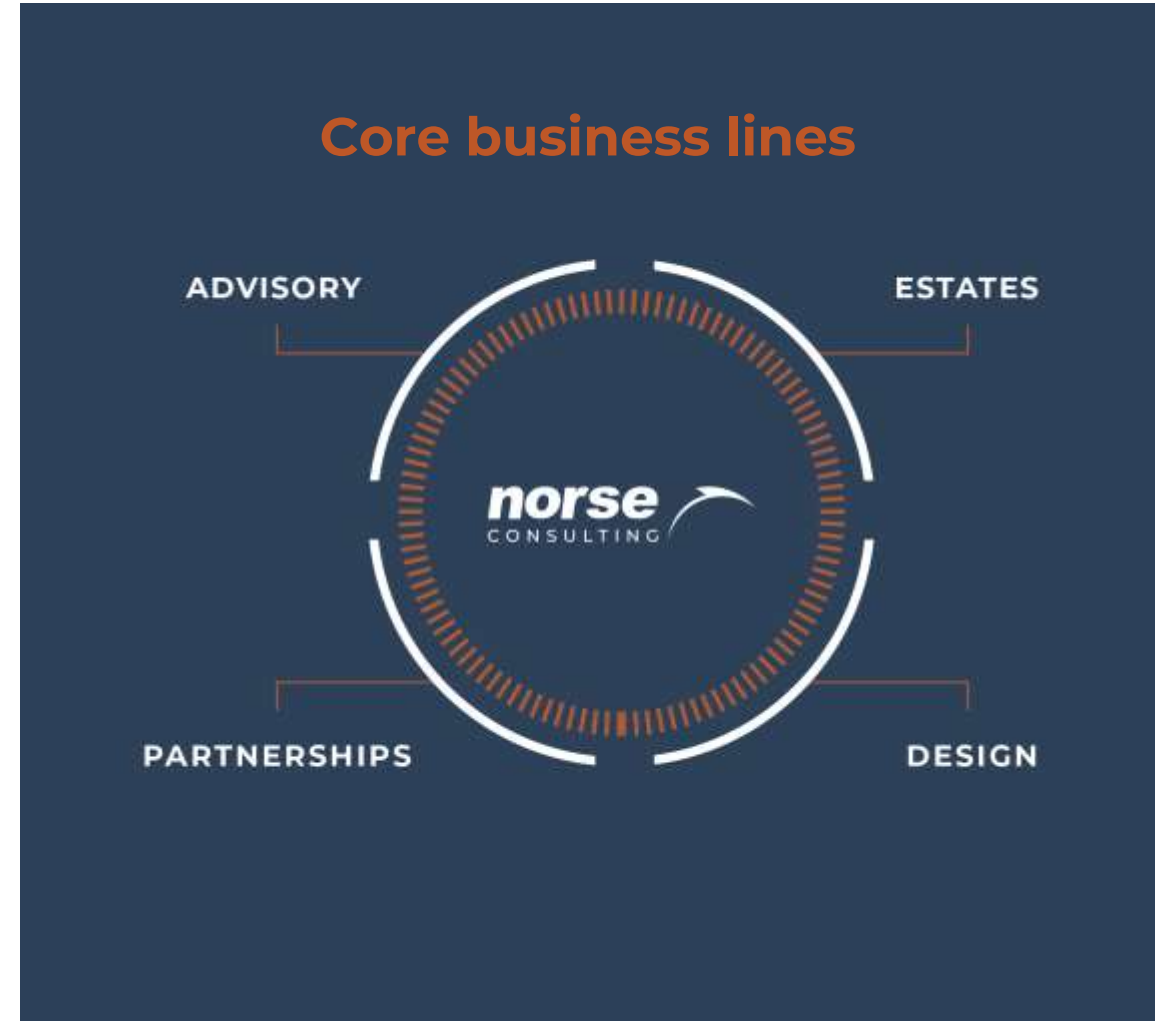

Norse Consulting is the new parent company for building consultancy services within the Norse Group.

As **Norse Consulting** we not only deliver Advisory and Corporate Real Estate Services direct to the market but act as the instrument to unite Hamson Barron Smith, NPS Property Consultants and the various NPS Joint Venture Partnerships across the country.

Operating within **Local Government, Housing, Education** and **Healthcare** sectors we can offer a broad range of building consultancy within defined business lines.

We can achieve this either in the form of stand-alone or **integrated services** incorporating **multiple professional disciplines**.

As part of the Norse Group, **Norse Consulting** will also integrate with commercial services and care to promote integrated property and/or social care solutions driving value through the project lifecycle.

## OUR VALUES

Our culture is based on a set of four values – Quality, Innovation, Respect and Trust – and shape Group behaviours.

They inform how we deliver our projects for you and your communities.

We use these values to help us overcome challenges and recognise and celebrate successes. Our values guide us in developing and supporting ethical and prosperous partnerships throughout the UK and are central to our purpose to improve people's lives.

### Quality:

We strive to deliver outstanding quality for our customers, making business excellence the standard by which we measure ourselves.

### Innovation:

We embrace new ideas and have the courage to be creative, so our services are delivered to you in the most effective and safe way possible.

### Respect:

We value everyone as an individual. We respect their rights, life choices and the personal contribution they make.

### Trust:

We want to be a trusted provider, partner to you, recognising that to do so, our word must be our bond. If we say we will do something, we do it.

## OUR KEY STATS

Our mission is to improve people's lives.

In doing so we make it our mission to be an ethical consultancy generating sustainable, long-term relationships and returns for the benefit of our clients, stakeholder and employees.

We achieve this through 'The Norse Way', designed to promote wellbeing, and help strengthen local communities. It's a positive and determined ethical stance and applies to us all - regardless of where we work

We work with our clients to understand what matters to them when considering our approach. We focus on areas we believe will have a long-term impact that improves the local community and society in general.

At Norse Consulting we are proud that with each new client, each new project, each new employee take steps in achieving our mission.
